# Full Forms from Class PDFs

- SCSI – Small Computer System Interface
- ATA – Advanced Technology Attachment
- IDE – Integrated Drive Electronics
- DMI – Direct Media Interface
- USB – Universal Serial Bus
- PIO – Programmed Input/Output
- ISR – Interrupt Service Routine
- EIO – Error Input/Output
- API – Application Programming Interface
- PCI – Peripheral Component Interconnect
- eSATA – External Serial ATA
- PC – Program Counter
- CPU – Central Processing Unit
- MMU – Memory Management Unit
- CV – Condition Variable
- POSIX – Portable Operating System Interface
- FIFO – First In First Out
- LIFO – Last In First Out
- TAS – Test And Set
- CAS – Compare And Swap
- FAT – File Allocation Table
- VSFS – Very Simple File System
- inode – Index Node
- fd – File Descriptor
- CIA – Confidentiality, Integrity, Availability
- PIN – Personal Identification Number
- MFA – Multi-Factor Authentication
- CER – Crossover Error Rate
- DoS – Denial of Service
- ACL – Access Control List
- sudo – superuser do
